

Funding Guidelines

Who can apply for Celtic Cross Grants?

- ❖ Anyone may submit an application for a Celtic Cross grant.
- ❖ Projects that show a connection with the Church Divinity School of the Pacific community will have preference.

What kinds of projects are funded?

- ❖ As Celtic Cross is the mission arm of the CDSP community, its grants fund mission and missionary activities *outside* of this community only.
- ❖ Applicants must ask for *specific* amounts and state identifiable objectives or services.
- ❖ The requested Celtic Cross grant must provide a *significant* contribution to the project. (We would not contribute to a million-dollar food bank construction project, for instance, but we might consider giving funds for one of the new refrigerators.)
- ❖ We especially encourage projects that further *Millennium Development Goals*. See e4gr.org.

What are the funding criteria?

1. Local, national and international projects will all be considered.
2. Start-up funds and new projects will have priority.
3. Requests for organizations that have substantial other sources of revenue will be considered only after all other requests.

What kinds of applications are specifically *not* funded?

- ❖ Salaries or other forms of personal compensation
- ❖ Airline and other travel expenses, especially not for travel by members of the CDSP community.
- ❖ Scholarships (for example, for a child in a poor country)
- ❖ Contributions to political action committees

Our grants will generally be in the range of \$200 to \$1,000.
